A ribbon cutting ceremony for the villas took place on Saturday, Oct. 1. The villas offer panoramic views of the red rocks and features a design that brings the outdoors in and the indoors out. The timeshare villas provide buyers an opportunity to purchase a fully-deeded, one-tenth ownership interest. David Cavan, the developer of Seven Canyons, said, the villas "are the epitome of high desert luxury living, offering members a villa ownership experience unlike anything in the entire country."
